DETAILED ACTION

Claims 1, 2, 4-25 are pending in the application. Claims 8, 9, 11-23 are withdrawn from consideration. Claims 1, 2, 4-7, 10, 24 and 25 are currently under consideration.

This Office Action is in response to the Amendment filed on 4/10/08.

Response to Amendment

The rejection of claims 1, 2, 4-6 and 10 under 35 U.S.C.102 has been withdrawn in light of the amendment.

The rejection of claim 7 under 35 U.S.C.103 has withdrawn in light of the amendment.

New Grounds of Rejection Necessitated by Amendment

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1, 2, 4-7, 10, 24 and 25 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. This is a new matter rejection.

The amended claim 1 now recites the new limitation of "solidifying the immobilizing medium to provide a solidified mass of bone and immobilization." However, this new limitation is not supported by the instant specification because the specification discloses solidifying the immersed bone and its immobilization medium as originally claimed (see page 3, lines 4-5, and

Art Unit: 1636

rather than solidifying the immobilizing medium alone as current claimed. Therefore, the amendment contains new matter. Claims 2, 4-7, 10, 24 and 25 are also rejected because they depend on claim 1.

Conclusion

No claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
